## Land Rover/Range Rover Electronic Park Brake (EPB) and Service Tool Part Number: EPB 30369500

The new Land Rover / Range Rover Service Light Reset & Electronic Park Brake tool has been designed to extinguish service lights and to mount the cable for the EPB for Land Rovers and Range Rovers. In addition, it will also allow the user to reset the EPB system if the emergency release cable has been activated and release the EPB in the event it becomes jammed.

### Features:

- ✓ Service Reset: enables service & inspection mode – resets the service light
- ✓ EPB Release: releases the cable to allow brakes to be serviced
- ✓ EPB Reset: resets the cable if the emergency release cable has been activated
- ✓ EPB “Unjam”: unjams the EPB function when the brakes are squeaking or dragging
- ✓ Clear Codes: clears codes following emergency cable activation or park brake jamming
- ✓ Compatible with CAN-enabled vehicles

### Applications:

- Service Reset : Land Rover Discovery 3 (all models) 2005-2009, Range Rover Sport (all models) 2005-2009
- EPB: Land Rover Discovery 3 (all models) 2005-2009, Range Rover Sport (all models) 2005-2009
