

RESET SERVICE LIGHTS ON VOLKSWAGEN AND AUDI VEHICLES - QUICKLY AND EASILY!

VW/Audi Service and Airbag Reset (SLR) Tool Part Number: SLR 30369100

The VW/Audi (VAG) SLR tool re-sets service lights on Volkswagen and Audi vehicles, including the latest CAN vehicles. Many VW and Audi vehicles feature the ability to adapt the oil change interval to driving conditions, with Standard and Long Life oil change settings. The reset tool has been developed with "Long Life Oil" service interval functionality. In addition to service light reset, the tool extinguishes the SRS warning lamp across the complete VAG range.

Features:

- ✓ Resets service lights on VW and Audi vehicles
- ✓ Allows technician to switch from Standard Life to Long Life, and back
- ✓ Used with vehicles with Long Life / Standard Life servicing functionality
- ✓ Airbag warning light reset function
- ✓ Compatible with latest CAN vehicles
- ✓ Updateable

This tool allows technicians to reset service lights on Audi and VW vehicles with this functionality.
